

IGNITION INTERLOCK DEVICE

If you are convicted of an OWI with an alcohol concentration of .15% or greater or OWI/refusal to submit to a chemical test, the court **MUST** order: (1) an ignition interlock device (IID) installed on **every vehicle that is titled or registered in your name***; **and** (2) a restriction of your operating privileges to only vehicles equipped with an IID.

The IID restriction period is a minimum of one (1) year and a \$50.00 IID surcharge will be added to your forfeiture. The Court Clerk will notify the Department of Transportation (DOT) of all court orders requiring IID installation.

You will not be able to obtain an occupational license or reinstate your regular license unless you provide the DMV with proof that an IID has been installed on every vehicle that is titled or registered in your name*. The occupational license or reinstated regular license will have Class D operating privileges restricted to vehicles equipped with an IID.

An ignition interlock device (IID) or breath alcohol ignition interlock device (BIID) is a mechanism, like a breathalyzer, installed to a motor vehicle's dashboard. Before the vehicle can be started, the driver must first exhale into the device. If the breath alcohol concentration analyzed result is greater than the programmed blood alcohol concentration (.02%), the device prevents the engine from starting.

Pursuant to State law, the Chemical Test Section of the Wisconsin Division of State Patrol is responsible for evaluating IIDs and approving manufactures and their devices for use in the State. There is a list of approved vendors on DOT's website at <http://www.dot.wisconsin.gov/statepatrol/services/chemtest.htm>. Please check their website for possible updates. Each time the device is serviced, the service provider shall review the data recorded in the device's memory and retain a copy of the data in the customer's file. Any tampering, circumvention, bypass or violation resets shall be immediately reported to the sheriff in the county where the customer resides.

Failure to install, removal, disconnection, tampering with, or circumvention of the IID is a criminal offense and may result in a fine and/or up to six (6) months in jail, plus a mandatory six (6) month extension of the IID order period.
