Re: Approved Changes to the Comprehensive Plan

Following is a list of changes to the Comprehensive Plan approved by the Plan Commission at their meeting on February 10, 2020. Exact language of the changes described below may be modified somewhat in order to fit existing format and sentence structure of the Plan, but key ideas and recommendations will be captured.

#	Change	Location
1	Update recommendation: Work with the Wisconsin DNR to address safety issues concerning the Big Foot Beach and S. Lake Shore Drive and relocate the boat launch, perhaps in conjunction with the WDNR master plan process for the Big Foot Beach State Park.	Page 3 Page 178
2	Update recommendation: Study the potential of a plaza north of the Riviera, consider widening sidewalks, and explore the potential use of Flat Iron Park; study the potential impact of such changes on parking and local businesses.	Page 112 Page 156 Page 179
3	Move Hillmoor “Site Analysis” and “Existing Conditions” graphics from Appendix A into the Comprehensive Plan, along with a short summary of the graphics. Remove remaining materials in Appendix A.	Page 79
4	Remove the term “resort” as a land use example in the Private Recreation Land Use designation and in reference to the Hillmoor property.	Page 3 Page 79 Page 92
5	Add recommendation: Support the use of electric vehicle charging ports where appropriate during the site plan review process.	Page 112
6	Recommend the Adams Farm (southeast of Bloomfield Road and Edwards Boulevard) as Planned Industrial on the Future Land Use Map. (This area was previously recommended as Planned Neighborhood.)	Map 5a and Map 5b
7	Update/add a recommendation to <i>study</i> a potential STH 50 bypass and potential new interchanges described in the Plan (rather than to <i>recommend</i> the bypass and interchanges).	Page 4 Page 108 Map 6

8	Add recommendation: Support the implementation of traffic controls and bicycle/pedestrian safety measures at Townline Road and Edwards Boulevard.	Page 110
9	Add recommendation: Work with the Geneva Lake Museum, tribes, and the Wisconsin Historical Society to communicate to residents and visitors the many past and present Native American cultural resources located in the Lake Geneva area, including the Geneva Lake Shore Path.	Page 55-57
10	Recommend the future land use pattern as requested by 120 Properties for the Bender property, as depicted in Draft #3, dated January 9, 2020. [No change to Draft Plan]	Map 5a and Map 5b
11	Identify the number of approved and improved lots that are set for development and explain how they relate to projected future land use demand.	Page 75-76

City of Lake Geneva Policy Regarding Issuance of Regular and Reserve Intoxicating Liquor Licenses

Purpose

The City of Lake Geneva has created this policy to establish criteria and set guidelines to aid the Finance, License and Regulation Committee along with the Common Council in the selection and issuance of a "Class B" Intoxicating Liquor License and a Reserve "Class B" Intoxicating Liquor License. These licenses (typically referred to as "bar/tavern licenses") give a business the ability to serve intoxicating liquor, fermented malt beverages, and wine for on-premises consumption.

Background

The City of Lake Geneva, like most all municipalities in the State of Wisconsin, was required to establish a quota of "Class B" Intoxicating Liquor as of December 1, 1997. Once the number of Regular Intoxicating Liquor licenses was established, it was also determined that the City could accrue more Reserve Intoxicating Liquor Licenses, with a population increase of 500 people, per the Wisconsin Department of Administration's population estimate every year. The City of Lake Geneva is an anomaly, versus other municipalities, due to its high level of tourism and lack of special legislation in relation to the number and issuance of liquor licenses within the municipality. Due to the limited nature of the "Class B" Intoxicating Liquor Licenses and Reserve "Class B" Intoxicating Liquor Licenses with the City, it is imperative that a set of guidelines and criteria be established to make the selection of a license applicant fair and transparent.

Procedure

A waiting list will not be created or maintained by the City of Lake Geneva; all license applications will be considered on a case by case basis as they are received.

Fees

The fees for the "Class B" Intoxicating Liquor Licenses are as follows:

- Regular "Class B" Intoxicating Liquor License & Class "B" Fermented Malt Beverage License: \$600
- Reserve "Class B" Intoxicating Liquor License & Class "B" Fermented Malt Beverage License: \$600
- Reserve "Class B" Intoxicating Liquor License One-Time Filing Fee: \$10,000
- Publication fee (required of all license applicants) \$25

No fees shall be required until the reviewing committees have made and approved an applicant to receive the license. Once an applicant is chosen and approved by the reviewing committee, the applicant will need to pay all license fees before it can be issued by the City Clerk's Office.

Criteria

Applicants filing for a Regular or Reserve "Class B" Intoxicating Liquor License will be evaluated based on criteria as outlined below. Each criteria option will have a point evaluation associated with it. The total score of all points scored must equal or exceed 30 points to qualify the applicant for a license. The reviewing committee will confirm that the application score equaled or exceeded 30 points and award the applicant a Regular or Reserve "Class B" Intoxicating Liquor License provided all other obligations are met. If the reviewing committee determines that the score is less than 30 points, then it will deny the application. If there are two or more applications, the application with the highest score equal to or higher than 30 points shall be awarded the license. In the event that two applicants tie in the evaluation process, it will be the sole discretion of the committee to determine which applicant shall receive the

license. Applicants will only be allowed to make an application for a Regular or Reserve "Class B" Intoxicating Liquor License one time during a calendar year. Appeals for a denial by the Finance, Licensing, and Regulation Committee will not be considered within a 365-day period of the original application date.

Please Note: This policy shall only apply to the licenses with a state imposed quota: "Class B" Intoxicating Liquor Licenses and Reserve "Class B" Intoxicating Liquor Licenses with the City. All other liquor licenses issued by the City do not have a quota.

Conclusion/Determination

In the event of a tied application score between multiple applicants, it will be the committee's discretion to discuss the various applicants and determine which applicant will be granted the license, while closely following the guidelines as aforementioned. All licenses are subject to the approval of the Common Council, and no license will be issued to any applicant with outstanding city claims (i.e. personal property tax, utilities, license fees, etc)

Additionally the City of Lake Geneva Police Department shall complete a background check on the applicant. This background check will be included as part of the reviewing committee's determination.
