4. The proposed Planned Development does not maintain the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property.
5. The proposed Planned Development is located in an area that will be adequately served by, and will not impose an undue burden on any of improvements, facilities, utilities or services provided by public agencies serving the subject property.

Subject: Review of Certified Survey Map for Carrie Kielty Trust in the City of Lake Geneva

We have completed a review of a Certified Survey Map prepared by Jeffrey L. Kimps of Pathfinder Surveying Inc. Our review was conducted to determine compliance with Chapter 236 of the Wisconsin State Statutes, Chapter 66-36 of the City of Lake Geneva Municipal Code and good surveying practices. The Certified Survey Map dated February 25, 2016 was reviewed.

The below comments from the March 1st review have been addressed and we recommend approval of the Certified Survey Map.

Comments for the Certified Survey Map:

- ~~As per s.236.20 (2(b)) - Please indicate the outside diameter of all monuments (sheet 1 of 2).~~
- ~~As per s.236.20 (2(d)) - Please underscore all adjoining streets and platted lots (sheet 1 of 2).~~
- ~~As per s.236.20 (2(e)) - Please add the width of Center Street (sheet 1 of 2).~~
- ~~Square footage is normally to the nearest foot and acreage to the nearest x.xxx.~~
- ~~As per s.236.34 (1(d)) - Please check the preamble to reflect all of Lot 5 and vacated alley. Not sure if these are correct.~~
- ~~As per s.236.20 (2(c)) - Please add a bearing to the 90.34' coarse (sheet 1 of 2).~~

~~We recommend approval of the Certified Survey Map contingent upon enclosed surveyor's comments. Although the material has been reviewed, the surveyor is ultimately responsible for the thoroughness and accuracy of the Certified Survey Map with state statutes and municipal city code.~~

Our review was conducted to determine compliance with Chapter 236 of the Wisconsin State Statutes, Chapter 66-36 of the City of Lake Geneva Municipal Code and good surveying practices. The Certified Survey Map dated February 25, 2016 was reviewed.

The below comments from the March 1st review have been addressed and we recommend approval of the Certified Survey Map.

Comments for the Certified Survey Map:

- ~~As per s.236.20 (2(b)) Please indicate the outside diameter of all monuments (sheet 1 of 2).~~
- ~~As per s.236.20 (2(d)) Please underscore all adjoining platted lot (sheet 1 of 2).~~
- ~~Square footage is normally to the nearest foot and acreage to the nearest x.xxx.~~

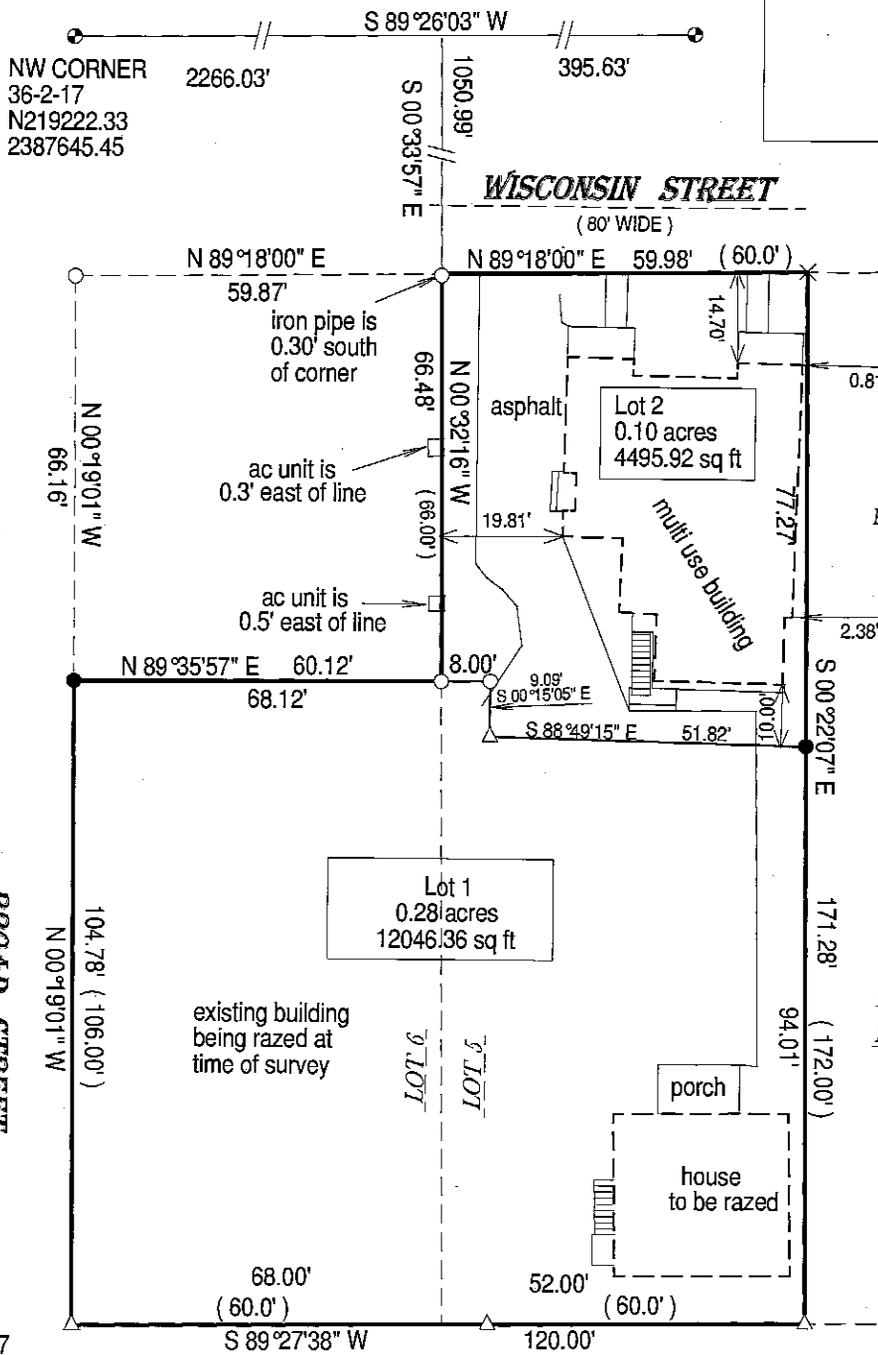

~~We recommend approval of the Certified Survey Map contingent upon enclosed surveyor's comments. Although the material has been reviewed, the surveyor is ultimately responsible for the thoroughness and accuracy of the Certified Survey Map with state statutes and municipal city code.~~

Please contact me if you have any questions or comments pertaining to this project.

APPLICATION SUBMITTAL FOR PLAN DEVELOPMENT/PRECISE IMPLEMENTATION PLAN

LOCATION MAP. Attached hereto is a location map of the subject property and its vicinity as depicted on the City of Lake Geneva Land Use Plan Map.

MAP OF SUBJECT PROPERTY. Attached hereto is a map showing all lands within 300 feet of the boundaries of the subject property together with a list of the names and addresses of the owners of all lands within 300 feet. Also attached please find the proposed certified survey map for the property showing all lot dimensions thereof.

WRITTEN DESCRIPTION. The Lake Geneva Economic Development Corporation ("LGEDC") is purchasing the property known as 726 Wisconsin Street, which is currently zoned General Business ("GB"), and dividing the property into two parcels by means of a certified survey map.

Lot 1 of the Certified Survey Map consists of a multi-use commercial building facing north on the south side of Wisconsin Street to be zoned Planned Development ("PD"). The building use consists of a commercial office on the first floor and two one bedroom residential apartments on the second floor. This multi-use commercial building will remain as is and LGEDC is requesting that the Precise Implementation Plan be adopted for the existing building and the current use thereof. Lot 1 provides an off-street parking for each one bedroom apartment. Parking for the commercial unit will be off premises on Wisconsin Street. The creation of Lot 1 of Certified Survey Map will result in result in the following variances from the normal requirements of the General Business Zoning District:

- (i) Side yard setback ten feet to .81 feet
- (ii) Rear setback twenty-five feet to ten feet
- (iii) Front setback twenty-five feet to 14.70 feet

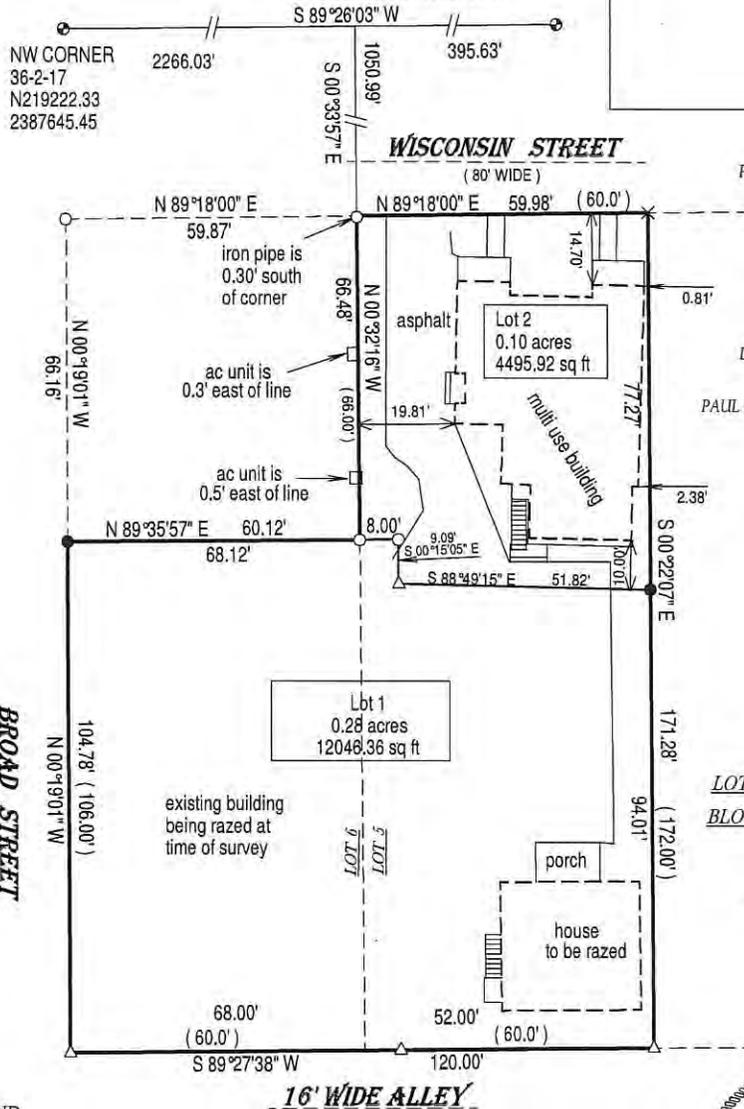

These setbacks currently exist and are shown on the Certified Survey Map as the location of the present building which has been located thereon for many, many years. There is no request to construct any additional improvements upon the property nor for any change in the existing use of the property. Attached hereto are photographs of the existing building showing the building elevations, open areas and existing landscaping.

Lot 2 of the Certified Survey Map combines the south 194 feet (+/-) of Tax Key No. ZOP 00154 with Tax Key No. ZOP 00155 (known as 323 Broad Street) and is to be rezoned to Central Business resulting from the lotline adjustment. All structures upon or which were previously upon the proposed lot have been or will be razed. Any areas which have not been improved with asphalt will after the razing of the structures be brought to existing grade, seeded and maintained as green area pending development. LGEDC has received TIF funds from the City of Lake Geneva for the razing of the old Traver Hotel building and restoration of the property to grade as green area. It is the intention of LGEDC to work with a developer to whom Lot 2 would be sold requiring the construction of a commercial building which may or may not contain residential units on the second floor and to be constructed in compliance with the requirements of LGEDC and the City of Lake Geneva Zoning Ordinance.

___ (a) A map of the proposed conditional use:

- Showing all lands for which the conditional use is proposed;
- Showing all other lands within 300 feet of the boundaries of the subject property;
- Referenced to a list of the names and addresses of the owners of said lands as they appear on the current records of the Register of Deeds of Walworth County (as provided by the City of Lake Geneva);
- Clearly indicating the current zoning of the subject property and its environs, and the jurisdiction(s) which maintains that control;
- Map and all its parts are clearly reproducible with a photocopier;
- Map size of 11" by 17" and map scale not less than one inch equals 800 ft;
- All lot dimensions of the subject property provided;
- Graphic scale and north arrow provided.

___ (b) A map, such as the Land Use Plan Map, of the generalized location of the subject property in relation to the City as a whole:

II. Application Submittal Packet Requirements

(c) The applicant is proposing a 38,000 sq ft steel frame, insulated panel, masonry trim building for use as a recreational and tennis teaching facility with future proposed outdoor tennis courts and applicable parking on lots 48 in the Lake Geneva Business Park.

(d) Attached is a proposed preliminary, conceptual plat showing the tennis facility and future recreational and outdoor tennis courts.

(e) The applicant believes that the proposed conditional use is appropriate and should be approved by the city of Lake Geneva as it currently meets all of the requirements of the previously approved declarations of covenants, conditions and restrictions of the Lake Geneva Business Park phase II approved by the city of Lake Geneva for the Geneva Lake Development Corporation. Further, per the city of Lake Geneva zoning ordinance section 98.905, the development, as proposed, does not adversely affect properties in the immediate area and conversely adds to the recreational nature already established by the proximity to Veteran's Recreation Park. As the facility will be for members only, it is none the less open to all residents of the city of Lake Geneva and the applicant anticipates the facility will be used to teach tennis for families in and around the Lake Geneva area. Lastly, the facility does not present an undue burden to any city utilities or the services of police, fire department and/or emergency workers.

- (c) A written description of the proposed conditional use describing the type of activities, buildings, and structures proposed for the subject property and their general locations;
- (d) A site plan (conforming to the requirements of Section 98-908(3)) of the subject property as proposed for development OR if the proposed conditional use is a group development (per Section 98-208) a proposed preliminary plat or conceptual plat may be substituted for the required site plan, provided said plat contains a information required on said site plan per Section 98-908.
- (e) Written justification for the proposed conditional use:
 _____ Indicating reasons why the Applicant believes the proposed conditional use is appropriate with the recommendations of the City of Lake Geneva Comprehensive Master Plan, particularly as evidenced by compliance with the standards set out in Section 98-905(4)(b)1.-6. *(See below)*

III. JUSTIFICATION OF THE PROPOSED CONDITIONAL USE

1. How is the proposed conditional use (the use in general, independent of its location) in harmony with the purposes, goals, objectives, policies and standards of the City of Lake Geneva Comprehensive Plan, the Zoning Ordinance, and any other plan, program, or ordinance adopted, or under consideration pursuant to official notice by the City?

The development is in special harmony with existing and contiguous Veterans Recreation Park and meets the pre-approved covenants, conditions and restrictions of the Lake Geneva Business Park as previously approved by the City of Lake Geneva

- ~~2. How is the proposed conditional use, in its specific location, in harmony with the purposes, goals, objectives, policies and standards of the City of Lake Geneva Comprehensive Plan, the Zoning Ordinance, and any other plan, program, or ordinance adopted, or under consideration pursuant to official notice by the City?~~

Refer to #1

3. Does the proposed conditional use, in its proposed location and as depicted on the required site plan (see Section 98-905(3)(d)), result in any substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of the Zoning Ordinance, the Comprehensive Plan, or any other plan, program, map ordinance adopted or under consideration pursuant to official notice by the City or other governmental agency having jurisdiction to guide development?

As opposed to the current vacant conditions of the subject property, the proposed tennis facility creates positive value for the existing site and surrounding property with less than normal, anticipated traffic and has been approved by the Lake Geneva Economic Development Corporation's Architectural Review Committee on March 20, 2014.

4. How does the proposed conditional use maintain the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property?

The proposed use follows a precedent already established by the City of Lake Geneva and the Lake Geneva Economic Development Corporation in the prior approval of the "physical activity studio" and adds an additional recreational facility for use by the citizens of Lake Geneva and surrounding area who may become members.

5. Is the proposed conditional use located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvements, facilities, utilities or services provided by public agencies serving the subject property?

See #5 (below)

6. Do the potential public benefits of the proposed conditional use outweigh all potential adverse impacts of the proposed conditional use (as identified in Subsections 98-905(4)(b)1-5.), after taking into consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts?

The applicant believes that there are no adverse impacts for the proposed development, but further that there is a great public benefit by adding a tennis facility that will compliment the existing recreational facilities at Veterans Recreational Park. The facility will service children, adults and senior citizens.

IV. FINAL APPLICATION PACKET INFORMATION

- ____ Receipt of 5 full scale copies in blue/line or black/line of complete Final Application Packet by Zoning Administrator: Date: _____ by: _____

The City of Lake Geneva and the Lake Geneva Economic Development Corporation covenants, conditions and restrictions for the Lake Geneva Business Park have provided, and they already exist, sufficient road and utility improvements to service the proposed development. Further, the quality of the proposed construction and the fact that the building is sprinklered and has security lighting means that there will be less demand on fire and police service as opposed to other types of development.

- If no nuisances will be created (as indicated by complete and continuous compliance with the provisions of Article VII), then include the statement "The proposed development shall comply with all requirements of Article VII.";
- Exterior building and fencing materials (Sections 98-718 and 98-720);
- Possible future expansion and related implications for points above;
- Any other information pertinent to adequate understanding by the Plan Commission of the intended use and its relation to nearby properties.

(A photocopy of the pertinent section of the City's Official Zoning Map with the subject property clearly indicated shall suffice to meet this requirement.)

(c) A Property Site Plan drawing which includes:

- The location and dimension of all loading and service areas on the subject property and labels indicating the dimension of such areas;
- The location of all outdoor storage areas and the design of all screening devices;
- The location, type, height, size and lighting of all signage on the subject property;
- The location, height, design/type, illumination power and orientation of all exterior lighting on the subject property -- including the clear demonstration of compliance with Section 98-707;
- The location and type of any permanently protected green space areas;
- The location of existing and proposed drainage facilities;
- In the legend, data for the subject property on:
 - ____ Lot Area;

- Floor Area;
- Floor Area Ratio (b/a);
- Impervious Surface Area;
- Impervious Surface Ratio (d/a);
- Building Height.

_____ (d) A **Detailed Landscaping Plan** of the subject property:

- Showing the location of all required bufferyard and landscaping areas
- Showing existing and proposed Landscape Point fencing
- Showing berm options for meeting said requirements
- Demonstrating complete compliance with the requirements of Article VI

- Perspective renderings of the proposed project and/or photos of similar structures may be submitted, but not in lieu of adequate drawings showing the actual intended appearance of the buildings.

NOTE: Initiation of Land Use or Development Activity: Absolutely no land use or development activity, including site clearing, grubbing, or grading shall occur on the subject property prior to the approval of the required site plan. Any such activity prior to such approval shall be a violation of law and shall be subject to all applicable enforcement mechanisms and penalties.

NOTE: Modification of an Approved Site Plan: Any and all variation between development and/or land use activity on the subject property and the approved site plan is a violation of law. An approved site plan shall be revised and approved via the procedures of Subsections 98-908(2) and (4) so as to clearly and completely depict any and all proposed modifications to the previously approved site plan, prior to the initiation of said modifications.

LGEDC Members; Andy Dammeir, Joe Cardiff, Mike Ploch, Mike Dunn, Alan Kupsik,
MLG representatives; John Henderson, Vytas Barcas
Developers group; Gary Starck, Thomas Connelly, Paul Lauterbach

Meeting was called to order at 3:05 PM

The developers presented their plans to the committee for a proposed indoor tennis facility on lots 48 in the Lake Geneva Business Park. Building drawings by the architect, site and floor plans were distributed and reviewed by the committee. Specifications called for a 38,000 square foot pre-engineered steel building that would house 5 tennis courts, locker rooms, office and viewing mezzanine. The exterior would feature painted steel panels and split face block.

Discussion followed regarding site setbacks, building colors, landscaping, signage, lighting, and parking. The committee was unanimous in their approval of the project concept, colors, construction materials, and compatibility for the Lake Geneva Business Park.

The LGEDC Architecture Review Committee approved the plans as presented instructed the developers to proceed to the City of Lake Geneva for determination of landscaping requirements, signage, exterior lighting, and the number of required parking stalls.

Meeting was adjourned at 4:15 PM

Respectfully submitted,

Andrew J. Dammeir
