THESE MINUTES ARE NOT OFFICIAL UNTIL APPROVED BY THE FINANCE, LICENSE & REGULATION COMMITTEE

To the City of Lake Geneva,

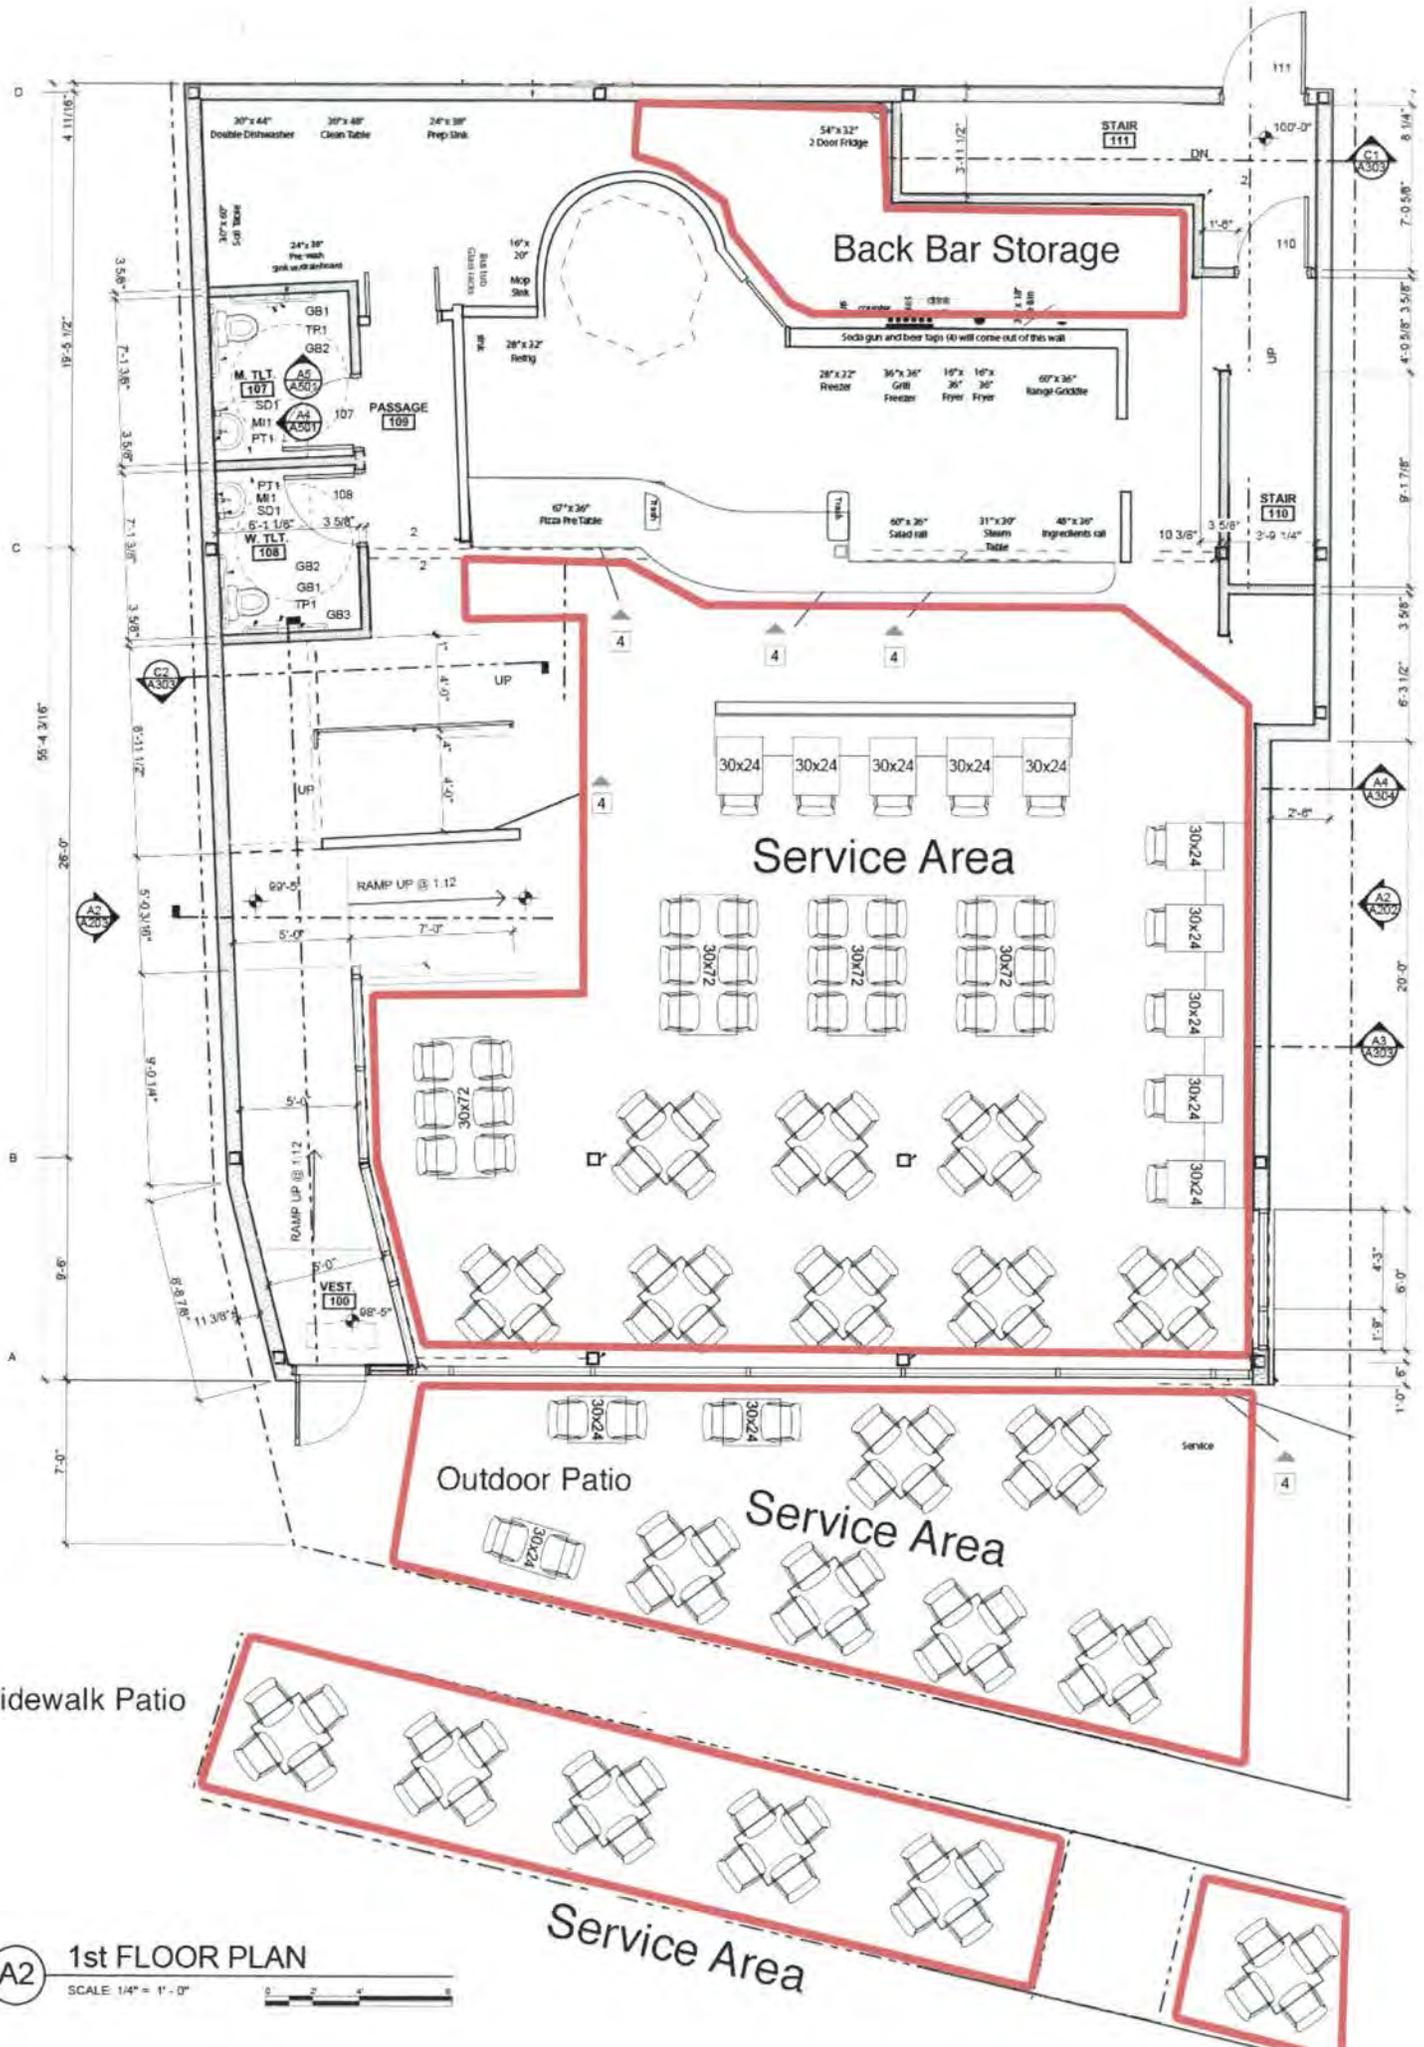

We've recently renovated our facility and are requesting to amend our premises description on our current license to reflect where we'll be storing and serving alcohol in our new facility.

As per the drawings alcohol will be stored in the back bar area of the second and first floors and served in the second floor dining room and patio and on the first floor dining room, outdoor patio and on our street sidewalk areas.

Please note the footprint and actual sidewalk table area has not changed since last year. It was one of the areas we did not perform any construction on and should align with last years table count and layout exactly.

Sincerely,

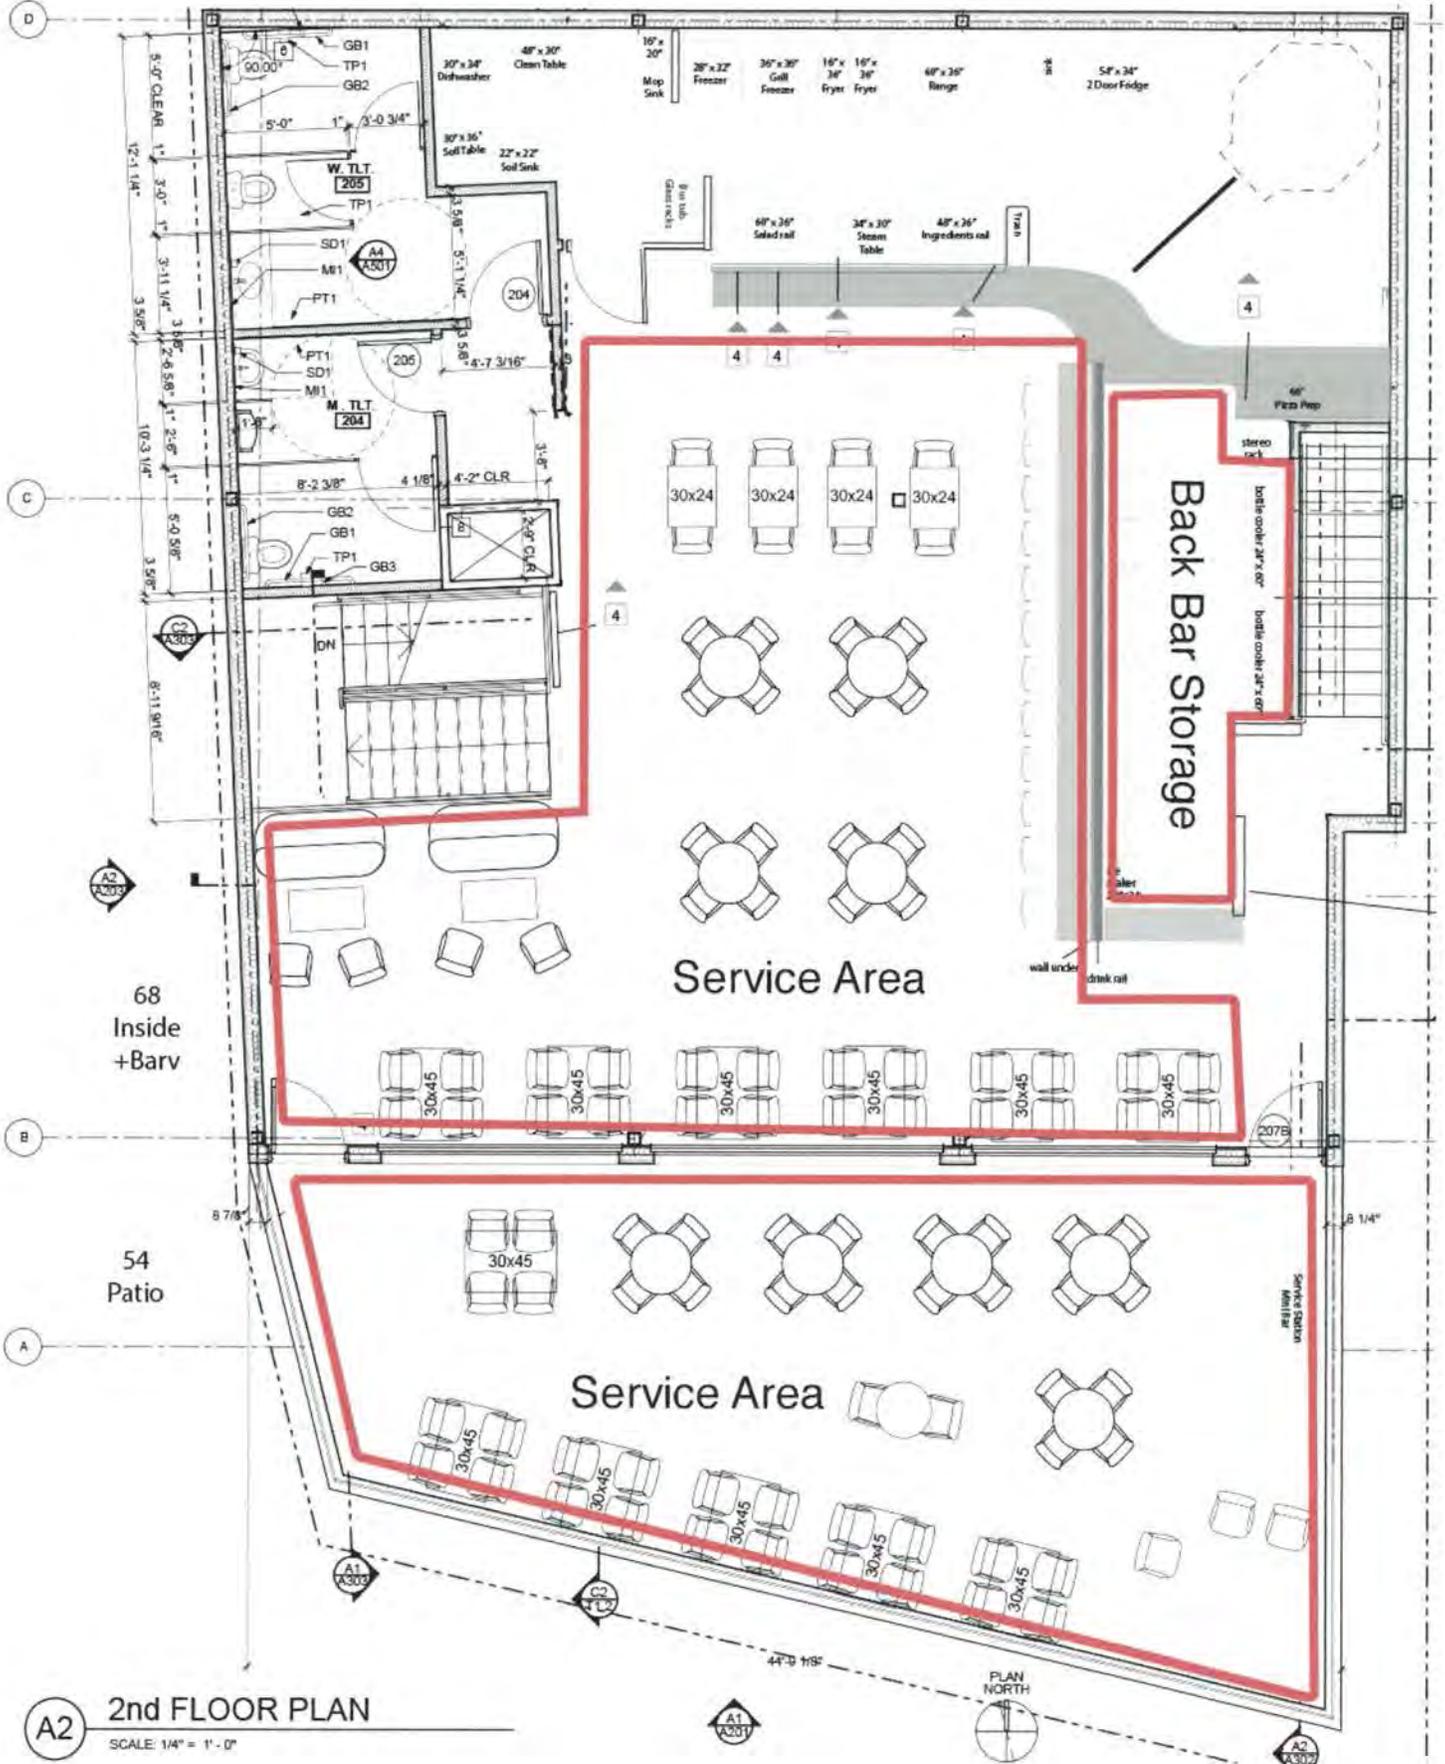

David R. Scotney

PUBLIC WORKS COMMITTEE MINUTES
THURSDAY, JANUARY 12, 2017 – 5:00 P.M.
CITY HALL, MEETING ROOM 2A

Meeting was called to order by Chairman Kordus at 5:00 p.m.

Roll Call: Present: Chairman Kordus, Alderman Gelting, Alderman Flower, Alderman Skates, and Alderman Hedlund. Arrived Late: Alderman Flower. Also Present: City Administrator Oborn, Mayor Kupsik, Director of Public Works Earle, Public Works Superintendent Waswo, and Parking Manager Mullally. Public Present: Karen Yancy, Dennis Jordan, and Chris Schultz.

Comments from the public limited to 3 minutes. None.

Approval of Public Works Committee meeting minutes from December 8, 2016 as prepared and distributed
Hedlund/Skates motion to approve. Carried unanimously.

Parking Manager Report

Parking Manager Mullally had nothing new to report at this time.

Discussion/Recommendation on use of parking cards

Mr. Kordus said this had been looked at once before. This would be a smart card technology that would replace the parking sticker. It would eliminate the two hours per day and give households a certain number of hours per parking season. Mr. Skates questioned if people would sell them. Mr. Kordus said it would not be tied to a car. Mr. Skates said it is one more thing to lose and one more thing to tie up employees at the front counter. Mr. Kordus stated the app couldn't be used for this or there would be fees for every transaction. Parking Manager Mullally suggested she do some research on a virtual permit to tie to the license plate. Mr. Oborn added the benefit of these technologies is that they show accurate occupancy rates. Ms. Mullally stated start up would be between \$5,000 and \$7,000. There is a minimum of 1,000 smart cards at \$5.00 a card and \$1,000 to \$2,000 for the software. The stickers cost .17 per sticker. Ms. Mullally confirmed that would require updating the kiosks to accept the parking cards. She will get numbers for virtual permits as well as a parking card pilot as well. Mayor Kupsik said there have been complaints from residents that want a cumulative 2 hours per day rather than a block. Ms. Mullally added the cards would be an older technology.

Discussion/Recommendation on 2017 parking rates

Ms. Mullally went over an analysis for city-wide paid parking.

Alderman Flower arrived at 5:20pm.

The first proposal was from the BID and suggested a city-wide price increase from \$1.00/hr to \$1.50/hr for all metered stalls from Memorial Day through Labor Day. That could bring in additional income of \$300,000. The cons are that it may confuse visitors and stickers will have to be put on the kiosks to inform of rate changes between seasons. Proposal 2 is a straight \$2.00 across the board for all parking year. That may double the parking income. Proposal 3 would split the parking season in to 'on season' and 'off season' categories. All stalls would be \$1.00 during the off season. Memorial Day to Labor Day it would be \$2.00. Proposal 4 changes the parking rate to \$1.00 in certain areas and \$2.00 in high volume areas year round. She stated she would propose the new South Shore Lot be \$1.00/hr. Mr. Skates feels the offerings on the edge of town may keep visitors from visiting the downtown for shopping and dining. Mayor Kupsik added it was a good parking year because of the weather. Ms. Mullally said these are just ideas that can be continued to be discussed.

Gelting/Hedlund motion to continue to next month. Motion carried unanimously.

Director of Public Works Report

Director of Public Works Earle stated there wasn't anything big to report as it is the middle of winter but everything is being handled. Mayor Kupsik said Winterfest will be coming up and the South Lot should be open for parking. He questioned if it could be marked prior to then. Mr. Earle said they could figure something out if there isn't any snow. There was also discussion on how to prepare for the upcoming Winterfest event with regard to parking.

Flower/Hedlund motion to approve. Passed 4-0

Discussion/Action on election of a Vice-Chairperson

Kordus/Flower motion to nominate Ald. Hedlund as Vice-Chairperson. Passed 4-0

Discussion/Recommendation on changes to the current parking rates

Mr. Hedlund is concerned that the City's contingency fund is running low and as the prime parking spaces in the down town area are a main source of revenue, he would like to recommend some parking rate increases to the Finance Committee.

Hedlund/Kordus motion to recommend to the FLR that parking zones 8001-8009 be \$2 per hour parking with the remainder of the zones staying the same.

Mr. Hedlund has spoken with someone from out of town who said he can't come to Lake Geneva in the summer as he can never find a parking space closer than three blocks away. He feels that higher prices downtown would discourage people from parking in prime locations for long periods of time. Ms. Flower stated that Ms. Mullally had previously done a lot of work to present different options for parking rate increases and she doesn't think we should be looking at just one option without all the previous information to hand. Mr. Kordus said this is one of those options. Mr. Oborn said a lot of the prime parking spots are used by employees of the downtown businesses and this would discourage that. Ms. Straube disagrees and said business owners want those spaces for their customers and having different rates would be confusing. Discussion followed.

Motion failed 2-2 Flower & Straube voting No

*Flower/Hedlund motion to bring all of the recommendations from parking to FLR for consideration
Passed 4-0*

Discussion/Recommendation on changing the free parking at Sage Street/Mill Street Lot to metered parking

Kordus/Hedlund motion to make this parking lot similar to Parking Lot I so that it is free for residents with a sticker but otherwise charged at \$1 per hour with a ten hour limit.

Ms. Flower asked if this lot was built for employees? Mr. Earle stated that the museum lot was built for City Hall parking. Mr. Oborn said that a lot of training sessions are held at City Hall and if this lot is metered it may cause a problem for people coming to training sessions. Ms. Mullally said she understands the concept but would like to offer up some alternatives. Mr. Earle said that as there are no medians in this lot, the spaces would have to be identified without markers so that the lot can be maintained in the winter. Ms. Flower asked what was the purpose of making this change? She thought that the intention was to always have some free parking. Mr. Kordus said they want to make the lot consistent with lot I and also provide more parking for residents as residents would be able to park here for free. Currently this lot is always full as it is free for everyone. Mr. Earle said anyone coming to a training session could be emailed a waiver stating the time and date for the training which they would then put in their car so they don't have to pay to park.

Discussion/Action/Recommendation on the implementation of a revenue sharing agreement between the City of Lake Geneva and the Cove for use of the Cove overflow parking lot on South Lake Shore Drive

Kordus/Hedlund motion to authorize staff to begin discussions and write a potential contract for revenue sharing parking at the Cove overflow lot on S Lake Shore Drive.

Mr. Kordus said this is something that has been discussed for some time. Mr. Oborn said he is looking for authorization from the committee for Ms. Mullally to work with the Cove to come to an agreement. Mr. Kordus said that the City attorney would need to draw up an agreement in line with other parking agreements that we already have. He said we would need to work with the Cove so that they can still use the lot for free parking for their employees or free overflow parking for their guests during busy times. Ms. Mullally said this would bring 100 parking spaces to the City and might be a good place for City employees to park. Mr. Kordus said that as a revenue sharing agreement, it would not be a lot for free resident or free employee parking. Ms. Flower said she thought we had made this overflow lot a requirement as part of the development and so she wondered how we could now take it over. Mr. Oborn said that we would have to go back to the original formula and address it in the agreement. We already have a revenue sharing agreement with other lots in the City.

Discussion/Action/Recommendation on eliminating the 25 minute parking stalls #215 and #216 in front of the Library entrance

Ms. Mullally explained that these two 25 minute stalls are mostly being used by people dropping books off who run in to the library without paying or by people who pull in to the spaces and then have to pull back out in traffic when they realize that it is only a 25 minute stall. She has been in discussion with the library director to find a solution. She would like to give them one of the spaces to use as library parking only and make the other space a regular parking stall at \$1 an hour. The library would be required to police their parking space themselves.

Hedlund/Kordus motion to eliminate the two 25 minute stalls #215 and #216 in front of the library.

Ms. Straube feels that these two 25 minute spaces are needed, especially for elderly library patrons. Mr. Kordus wonders if one space for the library would be enough. Mr. Earle said that the library director is fine with the one space. Discussion followed.

Hedlund withdrew his motion.

Hedlund/Straube motion to eliminate the two 25 minute parking stalls #215 and #216, and designate #216 back to the City as regular parking use and make #215 library parking only with signage and regulations as designated by the library.

Passed 4-0.

Director of Public Works Report

Mr. Earle reported that the curb and gutter is completed on highway 50 and we are on track to have the binder on by the end of the week depending on the weather. We are still on schedule for the road to be open by Memorial Day. It will be approximately one month before the landscaping is finished. The beach is ready to be opened on Memorial Day.

Discussion/Recommendation on adapting the seasonal bathrooms to become year round bathrooms

Mr. Earle said the public bathrooms in the City are not built to be year round bathrooms. There has been a big push to open the bathrooms earlier and earlier as more people visit the City. We can't open them for all year use without spending money to adapt them. Discussion followed. It was decided not to pursue making the public restrooms year round at this time.

Discussion/Action on the replacement of the Jacobsen mower at Veterans Park

There are only two manufacturers that make a 16 foot mower and the Street Department have tried them both. Mr. Earle recommends that we purchase the Toro from Reinders as this is exactly what we need and is also the cheaper bid.

Alderman Skates arrived at 5:55p.m.

Hedlund/Flower motion to approve the bid from Reinders not to exceed \$76,844.98 for the purchase of a Toro Groundsmaster 5900, 16ft rotary mower.

Passed unanimously.

Discussion/Action on the replacement of the Street Department Backhoe

Based on his thirty years of experience as a heavy equipment operator, Mr. Earle is recommending that we purchase the Caterpillar model. Our current backhoe is from 1979 and should have been replaced a long time ago. Ms. Flower wonders what we use this piece of equipment for. Mr. Earle explained it's used as a backup machine for the loaders and for things like hauling snow downtown when the snow is piled up, loading salt, road patches and pulling rocks back from the shoreline. Discussion followed.

*Hedlund/Kordus motion to approve the purchase of a Caterpillar 420F2 Backhoe not to exceed \$94,000.
Passed unanimously.*

Discussion/Action/Recommendation on White River Disc Golf Course bridge engineering proposals

Mr. Earle said he was asked to obtain additional engineering proposals for the maintenance of one bridge. Only one of the three engineering companies besides Kapur would give a price. Ellena Engineering Consultants LLC gave a price for the engineering of \$9,800 which was less than Kapur at \$12,765. The plan is to replace the North bridge, remove the middle bridges and renovate the last bridge to be pedestrian only. Once the DNR permits are applied for, any cost associated with the permits would be extra.

*Flower/Skates motion to approve the engineering proposal from Ellena Engineering Consultants LLC with a fee not to exceed \$9,800 and to approve the Capital project with a total cost not to exceed \$60,000.

Discussion/Recommendation on attaching sensors to city light poles/traffic signals for a Pedestrian Study conducted by the BID

Kordus/Hedlund motion to allow the BID to attach sensors to city light poles/traffic signals for a Pedestrian Study. Mr. Earle said that he would like to make sure that nothing is drilled into the poles and that the sensors are attached by straps only.

*Skates/Hedlund motion to suspend the rules to allow the BID representative to speak.
Passed unanimously*

The BID explained that they would like to place three sensors, one at 700 block of Main, one at 200 block of Center and one at 200 block of Broad. The study would be paid for by the BID to help fill empty store fronts. Data would be collected to show how many people pass by store fronts 24 hours a day for a year. The sensors need to be 12 feet from the ground and they do not store any video, it just sends information to a website that the BID can access. The BID is paying extra to have battery backups so that no holes need to be drilled. Discussion followed.

*Kordus/Hedlund amended motion to allow the BID to attach sensors to city light poles/traffic signals for a Pedestrian Study with staff input and approval on locations.
Passed unanimously.*

Discussion/Recommendation on parking at Central Denison Elementary School for the TreadHead Cycling organization and Zumba classes

*Skates/Flower motion to suspend the rules to allow the TreadHead representative to speak
Passed 5-1 Kordus voting no.*

The TreadHead representative explained that they are looking for a place where they can meet, park and start their rides. They spoke to the Principal at Central Denison who does not have any problem with them meeting and parking at the school but as the City owns the property they were advised to bring it to Public Works. Mr. Kordus said he doesn't feel it should be on the agenda. No action taken.

Discussion/Recommendation on creating Center Street Park & Trails in association with TreadHead Cycling with \$20,000 for surveying, gravel, and restrooms funded from Capital Projects

Mr. Oborn went over the information presented showing where the trail would start and end. This item is on the Capital Projects plan but has not been approved yet. The City owns the property but the trail would infringe on

Hedlund/Skates motion for approval of minutes from March 6, 2017 Committee of the Whole Meeting as distributed. Motion carried unanimously.

Comments from the public as allowed by Wis. Stats. §19.84(2), except for public hearing items.

Bill Huntress, 1015 Pleasant St, spoke on the city parks and against the Muck-Suck event. He would like the fees to be raised for park rentals.

Ken Etten, 1109 Wisconsin St, spoke on the property on Sage St that the Historic Preservation Commission wanted to designate as a historical site in the past. He gave a brief history of the rail service in Lake Geneva. He stated the commission would like to create the ghost footprints on said site.

Dick Malmin, N1991 S Lake Shore Dr, spoke against the Muck-Suck event.

Mary Jo Fesenmaier, 1085 S Lake Shore Dr, spoke against the proposed rezone of two of the zoning districts in the City. Ms. Fesenmaier also requested a chart be presented to the public before a vote is taken on fee waivers. She also commented on the ghost footprint idea presented by Mr. Ken Etten on behalf of the Historic Preservation Commission.

Darien Schaefer and Joe Tominaro gave a presentation on how their organization has impacted the City of Lake Geneva. They noted room tax has increased 39.7% in the last 3 years.

Presentation by Tom Hartz on the Police and Fire Commission

Tom Hartz, 1051 Lake Geneva Blvd, gave a presentation on the Police and Fire Commission's rules, mission, and accomplishments over the past year and a half.

Discussion/Recommendation on Banner Ordinance with corresponding fee and consideration of fee waiver policy

Mr. Kordus noted the current banner ordinance states the fees shall be charged. He stated there are fees incurred to the City every time banners go up or are taken down. He feels the ordinance is written properly and the fees should be charged. They are placed for a two week time period. He suggested extending the time period because it doesn't cost the City any more money to leave them up for several weeks leading up to an event than it does for 2 weeks unless another group wants to use the poles during that time frame. Mr. Hedlund noted all of the banners that are put up are for events that are benefitting the City. He does not believe there should be a time limit. Mr. Oborn said he would like to encourage banners being up all the time and change them for the season or specific events. Mr. Kordus stated he spoke with the Street Department, and it takes them a little over an hour and a half to do all 11 poles depending on traffic. Mr. Kordus would like to guarantee the banners are displayed 2 weeks before the event if the fee is paid.

Discussion/Recommendation on permit fees with corresponding consideration of fee waiver policy

Mr. Kordus stated the parades are already somewhat addressed in the ordinance. The parades listed in the ordinance are the Homecoming parade, 4th of July parade, Memorial Day parade, and Christmas parade. He suggested charging the \$25.00 Parade fee and that is all for the listed parades. He would not like to charge street use, parking, barricade rental, etc. It was noted if another parade permit is applied for outside of the ones listed above, they would have to go through the entire parade process as well as paying all fees.

 - (11) The application contains sufficient information about the proposed route and crowd estimate to enable the Police Chief to evaluate the proposed event under this section.
- (b) In investigating the application, the Chief of Police may recommend the conduct of a parade or public assembly on a date, at time, at a location, or over a route different from that named by the applicant. This alternate permit shall to extent practicable authorize an event that will have comparable public visibility and a similar route, location and date to that of the proposed event. An applicant desiring to accept an alternative parade or public assembly permit shall within two business days after notice of the Chief of Police's alternative recommendation, file a written notice of acceptance with the City Clerk. An alternative parade or public assembly permit shall conform to the requirements and shall have the effect of a parade or public assembly permit.
 - (c) The Chief of Police is empowered to limit the parade and public assembly to the sidewalk or to one or more traffic lanes of the street where it is determined that such limited area is capable of accommodating the number of people anticipated based upon the information submitted by the applicant and the experience of previous comparable events. In the event that the number of persons in attendance exceed anticipated levels, members of the Police Department are authorized to make reasonable accommodation to increase the portion of the public way made available in order to preserve public health and safety.

Each day's violation shall constitute a separate offense.

Discussion/Recommendation on permit fees with corresponding consideration of fee waiver policy

Mr. Kordus stated the parades are already somewhat addressed in the ordinance. The parades listed in the ordinance are the Homecoming parade, 4th of July parade, Memorial Day parade, and Christmas parade. He suggested charging the \$25.00 Parade fee and that is all for the listed parades. He would not like to charge street use, parking, barricade rental, etc. It was noted if another parade permit is applied for outside of the ones listed above, they would have to go through the entire parade process as well as paying all fees.

Mr. Kordus noted currently the ordinance states that all non-profit organizations pay the resident rates. Ms. Flower suggested instead of waiving a specific fee for an event, non-profits or residents could get a percentage off of the total amount. Mayor Kupsik questioned if the fee schedule would need to be amended to reflect what they decide for the events. Mr. Kordus answered it could potentially be done by ordinance. Ms. Chappell stated barring nothing is added, the groups could be required to pay the full amount so they can budget accordingly. Mayor Kupsik stated many of these events are for the residents, so that has to be taken into consideration.

Mr. Hedlund was concerned as 2016 event permit revenue was down 25% from 2015. Mr. Howell said he would like to see criteria that gives direction as to if fees should be waived or not. Ms. Flower stated the security deposits should never be waived. Mr. Hedlund questioned if certain events would be exempt from the fees. Mayor Kupsik added certain groups are generous to the community. Mr. Halverson agreed that some events should be free. He would like consistency though. He stated there is a fee schedule and what is going to stop anyone for a waiver of fees. Mr. Kordus said if a schedule and a set of guidelines are created, there is nothing that says a future Council can't change it. A lot of this is done by precedent, so they will go back and look at what the intent was.

It was noted that above the fees, a huge amount of staff time is involved in these events as well. Ms. Chappell stated she wants to make things clear such as donating physical monies to these groups. Mr. Skates said tons of fees are waived. He said the City is losing thousands of dollars every year and added the Street Department doesn't work for free. He feels everyone benefits from the events in the City. Mr. Skates added other municipalities do not waive fees or have brackets for non-profit organizations. The City of Lake Geneva bends over backward to be accommodating. He thinks the group included is the City's core. Mr. Skates would like the City Attorney to look at those main events, and see what can be done. Mr. Kordus said the reality is that several of these events would go away if they had to pay the entire fee.

The Mayor questioned if this would cause these events to no longer go to the Park Board for preliminary approval. Mr. Kordus stated the Attorney would have to advise on that. Mr. Skates stated many other municipalities do this differently. Mayor Kupsik added the process for permitting is very drawn out and unlike what is done in other municipalities.

Mr. Kordus said the options are to charge all the fees and let the chips fall where they may, to come up with discounted rates that are paid based on a list of criteria, or come up with a preferred list and determine how those fees would be charged. Ms. Chappell added for the last option perhaps there could be a reciprocal benefit. Ms. Flower requested not waiving the security deposits.

Mayor Kupsik questioned what category the fireworks for Venetian Fest would fall under as the City pays \$10,000 for them. Mr. Kordus said that is a contribution that is made to the Jaycees. It is a budget item.

Mr. Kordus concluded by stating this gives some direction and next month they will have options narrowed down as well and the opinion of the City Attorney.

Memorandum

Date: June 2, 2017
To: Finance, License & Regulation Committee
From: Blaine Oborn, City Administrator
Subject: Discussion/Action on Sidewalk Occupancy Permit Resolution and Fee

The City Municipal Code is not clear enough for allowing sidewalk occupancy permits and needs to be revised via resolution that can be temporary or by ordinance change.

The City Municipal Code Chapter 62: Streets, Sidewalks and Other Places in Article III: Obstructions and Encroachments Section 62-66 Prohibited Generally states: "No person shall ... encroach upon or obstruct any sidewalk ... except as provided in Section 62-67." See attached ordinance.

The exceptions under Section 62-67 are (1) Awnings (2) Authorized Public Utilities (3) Loading and unloading of Goods (4) Authorized Building Materials (5) Authorized Deliveries (6) Restaurants tables and chairs with café permit and (8) Creamery tables and chairs with permit.

The code does not specifically provide for other instances when the City may want to allow use of the City sidewalks such as for benches, tables, garbage cans, umbrellas, flag poles, and other fixtures. The City has been issuing Sidewalk Occupancy Permits in such instances but as noted there is no provision in the ordinance or by resolution.

The recommendation is that the Public Works Director be allowed to issue Sidewalk Occupancy Permits when such fixtures on City sidewalks are warranted per a Sidewalk Occupancy Permit Resolution. The resolution should not allow for merchandise to be permitted on City sidewalks except for Business Improvement District sponsored events. A charge of \$10.00 for the permit is appropriate. The permit could be annually for temporary fixtures and continue until revoked for permanent fixtures.

The authorization could be by ordinance and be a provision similar to Plan Commission Downtown Design or City Council Review via Public Works and FLR, similar to event permits. The fee would have to be increased and the process would take longer. The process could be made even more public with a conditional use and public hearing process.

Chapter 62. Streets, Sidewalks and Other Public Places

Article III. OBSTRUCTIONS AND ENCROACHMENTS

Sec. 62-66. Prohibited generally.

[Code 1992, § 8.03(1)]

- (a) No person shall carry on any trade or business, nor encroach upon or obstruct or encumber any street, alley, sidewalk, public grounds or land dedicated to public use, or any part thereof, or permit such encroachment or encumbrance to be placed or remain on any public way adjoining the premises of which he is the owner or occupant, except as provided in Section **62-67**.
- (b) The placing of any vehicle on any street, sidewalk or alley so as to obstruct the public use thereof; the servicing in any manner of any vehicle with gasoline or oil or any other manner while such vehicle is standing, in whole or in part, upon any street, sidewalk or alley, except filling stations authorized by the Council to service vehicles on the street outside the curb, shall also be deemed violations of this article.

Sec. 62-67. Exceptions.

[Code 1992, § 8.03(2)]
